### FOR IMMEDIATE RELEASE:

#### **Four More Presumptive Positive COVID-19 Cases Reported in Montgomery County** *Total Number of Montgomery County Cases is 24*

**Norristown, PA (March 15, 2020)** – Montgomery County officials and the Office of Public Health (OPH) today reported four additional individuals diagnosed presumptive positive with COVID-19, bringing the countywide total to 24 cases.

First is a 37-year-old adult male who resides in East Norriton Township, who has mild symptoms that do not require hospitalization and is currently at home being monitored. This individual had direct contact with a previously identified presumptive positive individual in Montgomery County. Contact tracing is underway.

Second is a 62-year-old female who resides in Lower Merion Township, whose symptoms require hospitalization. Contact tracing is underway.

Third is a 44-year-old male who resides in Lower Providence Township, who has mild symptoms that do not require hospitalization and is currently at home being monitored. This individual had direct contact with a previously identified presumptive positive individual in Montgomery County. Contact tracing is underway.

Fourth is a 55-year-old male who resides in Lower Merion Township. This individual, while a Montgomery County resident, was diagnosed in another state and remains there.

The COVID-19 outbreak in Montgomery County continues to be a rapidly evolving situation. To get the latest information and updates regarding COVID-19, please visit the Montco COVID-19 Data Hub at [www.montcopa.org/covid-19](http://www.montcopa.org/covid-19).
