

Borrow an iPad, a computer, gadgets and more

If you or someone you know:

- lives in Pennsylvania and
- is a senior citizen, or
- has a disability

TechOWL can help you try out new equipment for free.

Your local TechOWL specialist will:

- Work with you to select the right device.
- Load the software and apps that you need and want.
- Support and teach you throughout the process.

All devices can be borrowed for 4 weeks with an option for longer.

**Don't miss out on important visits with
your doctors, grandchildren and friends, especially during this time.**

More information about the Assistive Technology Lending Library program
