

MONTGOMERY COUNTY OVERDOSE RESPONSE TEAM DEPARTMENT OF PUBLIC SAFETY + ACCESS SERVICES

WHO ARE WE & HOW CAN WE HELP?

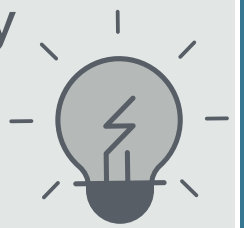

THE MAKE UP

Our team consists of a certified Paramedic with additional training in crisis response and a Crisis Worker with lived experience trained as Certified Recovery Specialist. This dynamic team allows us to support first responders on their most challenging calls to service.

TEAM DEVELOPMENT

The partnership was conceived out of necessity to support those who live, work, and visit Montgomery County and who experience challenges with mental and behavioral health or substance use disorder.

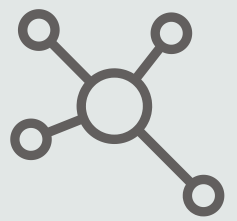

CONCEPT DEVELOPMENT

The MCORT Team is designed to support Montgomery County First Responders in incidents and cases that fall outside the traditional fire, medical, or public service calls. These non-traditional calls may consist of overdoses, mental and behavioral health emergencies, crisis calls, or frequent utilizers of the 911 system.

MAKE CONNECTIONS

The MCORT Team is working to create sustainable partnerships with Montgomery County EMS, fire, and law enforcement to support first responders with our specialized team.

HOW TO REACH US

Reach us using the contact info below or by requesting the MIH Team via County dispatch, The MIH Team is not meant to replace any current systems, but to support and fill gaps to access where patients need additional help in addition to the 911 system.
